

Selecta one is a world-leader in breeding, producing and marketing of vegetatively propagated ornamental plants. Our breeding activities include bedding and balcony plants, pot plants, perennials and cut flowers. With eleven breeding, production and distribution sites the corporate group serves all the relevant markets worldwide.

For our production site in Tenerife/Spain we are currently looking for a

Production Manager (m/f/x)

Yours tasks:

- Cultivation of stock plants
- Lead the team (in the high season more than 100 people) in a manner that drives high levels of motivation and performance
- Supervising and supporting the team to ensure hygiene, quality and growing of the plants
- Ensure all growing protocols are in place, developed and maintained
- Lead Selecta one Production to success with consideration of the cost budget
- Documentation of all relevant cultivation measures.

Your qualifications:

- Well-grounded educational background in horticulture. Bachelor or comparable qualification or several years of equivalent professional experience
- Working experience in growing, preferably in production of stock plants
- Committed personality with passion and sensitivity for plants
- Good written and spoken Spanish and English knowledges
- High quality awareness and sense of responsibility
- Independent and well-structured working method

Your benefits:

- Challenging and versatile job with direct reporting line to the general manager
- Modern, safe and international working environment
- Very good development opportunities in a growing and internationally successful family business
- Appropriate compensation, a car plus fuel and international health assurance
